

11. Privacy Policy

11.1. Information Regarding the Entity Responsible for Processing Data

Name: SERVICIOS AUDIOVISUALES OVERON S.L.U.

Registered Address: Av.Diagonal Num.177, 08018, Barcelona, Spain

CIF B63879902

11.2. Information and Consent for the Processing of Personal Data on the Website

Generally, the Website can be used without having to provide any personal data. However, eventually, in certain cases specific personal data might be required to access the Contents or Services. OVERON guarantees the confidentiality of personal data provided by Users, pursuant to European personal data protection regulations. In this regard, Users are informed that the data they send to OVERON shall be processed, in order to respond to Users' queries and requests and, if Users have given their consent, to send commercial information by telematic media regarding OVERON contents and products, or companies belonging to the same business group, as well as third-party sponsors and/or collaborators. However, it may also be sent to journalists, clients, suppliers and professionals related to the audiovisual sector for professional purposes. In the event that the User wishes to stop receiving commercial or promotional communications from the Provider, he / she may request the cancellation of the service, using the links provided in this regard in the communications sent by the Provider or by sending an email to the following address. email: dpd@mediapro.tv with the reference "Newsletter-Overon".

If you have expressly consented to the sending of commercial communications, OVERON informs the User that they will be able to unsubscribe from these communications, following the instructions which appear in the footer of all our emails. Any personal data the User provides may be communicated to other companies of the MEDIAPRO Group (identified at <http://entidades.imagina-media.com>) if necessary, for the aforementioned purposes.

Furthermore, personal data provided may be communicated to Tax Authorities, Controlling Bodies in matters of data protection (e.g.: the Spanish Data Protection Agency), State Security Forces, Judges and Courts if required or necessary. For the above purposes, the legal basis for the processing of personal data will be, in general, the user's consent. However, OVERON may treat the user's personal data with a different legal basis, depending on the circumstances of each case. For example, the legitimate interest for sending corporate information to professionals in the audiovisual sector in order to maintain professional relationships.

11.3. Information and Consent for Processing of Personal Data Derived from the Use of Social Networks

The User must take into account that any information published or disseminated via Social Network profiles managed by OVERON will become public information and will be available to individuals visiting these sites and the general public. This means that the Users of Service Provider´s Social Media located in any country in the world and with a universal nature, may access your information. In this regard, Users are advised not to use personal data (if possible) and are urged to exercise the utmost care and diligence when disclosing personal information or any other information on these sites. In addition, User data eventually shared with and/or published on Social Networks managed by OVERON shall be processed for the following purposes (i) to allow access and navigation to the Contents and Services offered by OVERON via said Social Networks; (ii) allow participation in forums and opinion polls; (iii) allow and manage User participation in initiatives carried out by OVERON, either by itself or in collaboration with third parties; (iv) to moderate the use which the User makes of the Sites, Applications and Social Networks property of OVERON (vi) as well as to report any misuse, where appropriate, or to process complaints that may be received from third parties. For the abovementioned purposes, Users' personal data, including the contents you publish, as well as, where appropriate, Users' image and/or voice, may be communicated to: (i) other MEDIAPRO Group companies (identified at: <http://entidades.imagina-media.com>); (ii) Tax Authorities, Controlling Bodies in matters of data protection (e.g.: the Spanish Data Protection Agency), the State Security Forces, Judges and Courts, if required or if necessary.

Users also guarantee the ownership and control of the rights to said texts, audio recordings, photographs, videos or any other content that may have been sent, and ensure that it does not infringe any rights of image, honor, intellectual and/or industrial property, trade secret or any other kind of third party rights, and adheres at all times to data protection regulations, and agree to respond to OVERON or to third parties, for any damages that may be caused as a result of breach of the foregoing statements. Becoming a follower of the social networks that OVERON may manage implies the acceptance of this Privacy Policy and, without prejudice to the policies, conditions or terms of competitions, which in each particular case, may regulate their use and which shall be duly notified by OVERON.

11.4. Security Measures

OVERON informs you that it has implemented the necessary technical and organizational security measures to ensure the security of your personal data and prevent alteration, loss and processing and/or unauthorized access thereto, given the status of technology, the nature of stored data and the risks to which they are exposed, whether said risks are from human action or from the physical or natural environment.

OVERON performs ongoing maintenance, supervision, control and evaluation of the processes to ensure data privacy.

11.5. Data Retention and Preservation Periods

In general, OVERON will retain Users' personal data during the period necessary to fulfil the purposes described in this Privacy Policy, unless the law establishes or permits a longer period.

Website Users' data shall be preserved by OVERON while Users are registered and once they have unsubscribed from services, in order to address possible liability arising from the processing thereof, until the prescription period of said data, at which time, Service Provider shall proceed to the deletion of said data.

The personal data provided through the form included in the Website and via profiles on Social Networks, including images and any contents that could be published, as the case may be, shall be preserved by OVERON as long as the User does not request their elimination through dpd@mediapro.tv or using the tools available for such purpose from each Social Networking site.

11.6. Exercise of Rights of Access, Rectification, Opposition, Deletion, Limitation of Processing and, where Appropriate, Portability

Users may contact OVERON, in order to exercise their rights of access, rectification, opposition, deletion, limitation of processing and, where appropriate, portability with respect to the data included in Service Provider's files.

To do so Users can send a written communication to the Data Protection Officer with the reference (Ref. Data Protection –Overon webpage) in which the corresponding request is made to the following address: Avenida Diagonal, 177-183, 08018, Barcelona, Spain. Or, send the same documentation by e-mail to the address dpd@mediapro.tv. In any case, Users have the right to file a complaint before the corresponding Data Protection Authority (in Spain, the Spanish Data Protection Agency).

11.7. Data Provided by Third Parties

OVERON requests that Users refrain from communicating personal data of third parties via any system, application, medium or format. The User shall be liable to OVERON or to third parties for any damages that may be caused as a result of the breach of the foregoing provisions.

11.8. Data Veracity, Accuracy and Updating

The data provided by the User must be true, accurate, complete and updated. In case of any modification and/or changes to any of the existing data in our database, in particular,

that relating to the contact persons, we kindly request you inform us of this situation in order to implement the necessary update.
